Welcome BACK!! Time for COMMA to get back on track. It feels as if we have been away for at least twelve months.

A few of us missed the Banquet and the Toly Arutunoff stories. The founder of Hallett and a pioneer of the early days of SCCA racing in this country, Toly has

competed and gotten into mischief in several countries and is one of the best story tellers around. Connie always has to force him to wrap up or I think he would talk until daylight. The neat part is few would complain.

Please note our pictures are from four different seasons. See if you can guess the year of each correctly and you win a kiss from Scott or Connie!

(your pick)

Congrats to all the 2016 Champions

Thanks to Dawn Hendricks for doing a great job in the Finish Line Café!

Our format of six weekends with Friday testing and racing Saturday and Sunday has worked well. The track has adequate breathing room in the schedule and racers get a lot of time on track.

By the way Tech will be open all day Friday, so even if you are not planning on being on the track that day you will be able to get your car inspected for the new season. The delay on Saturday could be dramatic. Remember to have your helmet, gloves, shoes and suit also.

Hallett is happy to announce that once again your photos by Tim will be FREE. He usually has them posted online within a few days after each round.

Notice how Bob and Roger are looking more the same? I don't know if it is the suit or the mustache trim but Bob lost about twenty years over the winter.

There is a rumor that they have more matching outfits and may even get matching manicures.

Great guys, Great drivers.

Paul really got into the "Elvis Karaoke" but Neil wasn't impressed.
